Student Complaint or Academic Appeal

This form covers both the Navitas UPE Student Complaints and Academic Appeals Procedures.

Definition of a Student Complaint

A Student Complaint is defined by the Office for the Independent Adjudicator of Higher Education (OIAHE), as “an expression of dissatisfaction by one or more students about something a provider has done or not done, or about the standard of service provided by or on behalf of the provider”. It can be brought by one or more students against one or more individuals working for a Navitas UPE College or University Partnerships Europe (UPE).

Examples of Student Complaints

- Failure by Navitas UPE to meet obligations including those outlined in learning contracts or course/student handbooks
- Misleading or incorrect information in publicity or promotional material and other information provided by Navitas UPE
- Concerns about the delivery of a programme, teaching or administration provided by Navitas UPE
- Poor quality of facilities, learning resources or services provided directly by Navitas UPE

- Complaints involving other organisations or contractors providing a service on behalf of Navitas UPE
- Some University Partners may allow students to make a Student Complaint relating to the academic provision of a Navitas UPE-run programme directly to them. In such cases, Navitas UPE will facilitate the process where possible.

This list is not intended to be exhaustive and, where appropriate, other matters will be considered under the Student Complaints procedure.

Exclusions under the Student Complaints Procedure

The following Complaints cannot be made under the Student Complaints procedure:

- Student Complaints raised anonymously will not be considered under this procedure (but see ‘Anonymity’ section below)
- Decisions which amount to “academic judgement” including any decision that is made by an Academic Committee or Board of Examiners. These are covered by the regulations for Academic Appeals **QS10b Academic Appeals**
- Decisions made in relation to mitigating circumstances. These are covered by the regulations for the consideration of mitigating circumstances **QS09 Assessment**
- Student Complaints about issues beyond the control of Navitas UPE
- Student Complaints submitted more than two months after the act or omission being complained about are not normally considered
- Navitas UPE will investigate all Student Complaints as fully as possible. Therefore, students are not allowed to submit a subsequent Student Complaint if the content is substantially similar to one already considered
- Student Complaints which are covered by other procedures

Definition of a Student Academic Appeal

An Academic Appeal is defined by the Office for Independent Adjudicator of Higher Education (OIAHE), as “a challenge to or request for reconsideration of a decision by an academic body that makes decisions on student progress, assessment, and awards. This may include a request to change marks or progress decisions, or final award classifications”.

Examples of Academic Appeals

The grounds on which students are permitted to lodge an Academic Appeal are restricted to one or more of these four areas:

- A procedural irregularity in the assessment process
- Bias or reasonable perception of bias
- Impaired academic performance which needs special consideration after an academic board therefore preventing any risk of detriment
- A challenge to the outcome of a student's request for mitigating circumstances

Exclusions under the Academic Appeals Procedure

The grounds for raising Academic Appeals are restricted to those four areas listed above. However, for the avoidance of doubt, students are explicitly excluded from lodging an Academic Appeal, and may be encouraged to raise a Complaint instead, on any of these grounds:

- The view that poor teaching, supervision, academic advice or guidance affected a student's performance. In such circumstances a student may submit a Complaint under the Student Complaints Procedure **QS10a Student Complaints**
- A disagreement with the academic judgment of an examiner or of the Module Panel or Assessment Board in assessing the merits of an individual piece of work, regardless of whether this disagreement is held by the student, a friend, parent, or expert in the discipline of study
- Any decision relating to the assessment, progression and/or exclusion based on the marks, grades and other information relating to a student's performance (In such circumstances a student is advised to request feedback from their tutor).
